

BiliVen™

Premier Gallbladder Support*

BiliVen™ provides your hardworking and often-overlooked gallbladder with vitamin B6 and nourishing botanicals that help decongest and detoxify. The gallbladder is responsible for storing bile, which helps your body break down fats. Bile also promotes the absorption of fat-soluble vitamins like A, D, E, and K. A gallbladder that isn't functioning properly can cause pain, inflammation, and gallstones (hardened deposits of bile).

We've identified the most potent nutrients and plant ingredients that offer targeted support to the gallbladder and its close ally, the liver. BiliVen™ includes vitamin B6, known for its ability to aid the liver's detoxification efforts by boosting bile production. Evidence-based botanicals include artichoke leaf (*Cynara cardunculus*), which stimulates bile flow with its bitter compounds.* Silymarin-containing milk thistle seed (*Silybum marianum*) has been used for thousands of years for gallbladder and liver conditions and possesses potent antioxidants that can not only protect but also repair damaged liver cells.*

BiliVen™ is brimming with additional botanicals including organic turmeric, cilantro, burdock root, fennel seed, garlic, and beetroot that work together to nourish, decongest, and detoxify. This symphony of plant-based nutrients promotes antioxidant activity, supports a healthy inflammatory response, and bolsters overall gallbladder and liver function.*

Benefits

- Promotes gallbladder antioxidant activity and detoxification.*
- Supports the digestion of fats and the absorption of fat-soluble vitamins by stimulating bile production.*
- Enables a healthy inflammatory response to common gallbladder-related symptoms.*

Highlights

- Excellent source of the most absorbable and potent form of vitamin B6 (pyridoxal-5-phosphate) which is critical for bile acid production and liver function.
- Includes only organic, non-GMO, vegan-friendly, and Kosher-certified ingredients.
- Manufactured without the use of additives such as magnesium stearate and rigorously tested for heavy metals and other toxins.

Recommended Use

- Take 2 capsules once daily between meals, or use as directed by a health professional.
