Advanced Antioxidant Support for Healthy Aging and Brain Health*

Premier Research Labs Astaxanthin Complex is a next-generation antioxidant formula designed to support healthy aging, cognitive vitality, and whole-body resilience.* This comprehensive blend features natural algae-derived astaxanthin backed by a matrix of synergistic botanicals that help protect cells from oxidative stress and support key systems such as the eyes, cardiovascular system, immune system, and skin.*

Key Ingredients:

- **Astaxanthin (algae-extracted):** A highly potent lipid-soluble antioxidant that supports cell membrane integrity and helps neutralize free radicals in the brain, eyes, skin, and cardiovascular system.* Able to cross the blood-brain barrier, it delivers targeted protection compared to standard antioxidants.*
- **Asta-Active Blend:** A synergistic matrix of botanicals that reinforces antioxidant pathways, supports mitochondrial function, and provides broad cellular defense.* This blend supplies chlorophyll, beta carotene, polysaccharides, and silymarin to help promote immune, liver, and detoxification support.*
- **Organic MCT Extract:** A clean, plant-based lipid source that provides quick cellular energy, which supports optimal delivery of fat-soluble antioxidants for maximum clinical benefits.*

Why Choose Astaxanthin Complex

- **Clinically Centered Potency:** featuring algae-sourced astaxanthin delivered in just two capsules per day.*
- **Synergistic Botanical Matrix:** designed to complement and strengthen antioxidant activity.*
- **Lipid-Soluble Delivery System:** with organic MCT to support optimal bioavailability.*

- **Excipient-Free Manufacturing:** with clean, solvent-free, vegan-friendly capsules.
- **Rigorous Quality Testing:** including purity, potency, microbiology, and contaminant screening to ensure uncompromised quality.

The Premier Difference

At Premier Research Labs, every formula is designed for efficacy, purity, and intelligent design.*

- No unnecessary additives or synthetic excipients.
- Rigorously tested for identity, potency, and contaminants.
- Scientifically crafted to align with the body's natural systems.*

Supplement Facts

Serving Size 2 Capsules

Servings Per Container 30

Amount Per Serving	
Organic MCT Oil Extract	252 mg†
Asta-Active Blend	86 mg†
Organic Chlorella (whole, broken cell wall) (<i>Chlorella sorokiniana</i>), Organic Fermented Cordyceps (mycelium) Extract (<i>Cordyceps sinensis</i>), Organic Prickly Pear (cladode) (<i>Opuntia ficus-indica</i>), Organic Carrot (root) (<i>Daucus carota</i>), Organic Milk Thistle (seed) (<i>Silybum marianum</i>), Broccoli (flower and stem)	
Astaxanthin Extract	
(<i>Haematococcus pluvialis microalgae</i>)	17 mg†
Astaxanthin (algae-extracted)	4 mg†

†Daily Value Not Established

Other Ingredients: Gum Acacia, Plant-Source Capsules (cellulose, water), Pea Protein, Organic Rice Concentrate, Citric Acid (preservative), Natural Tocopherols (preservative)

Astaxanthin Complex

Why Premier Astaxanthin

Premier's Astaxanthin delivers pure, ester-free Astaxanthin, unlike most competitors which use Astaxanthin esters. Without esters attached, Premier's Astaxanthin molecule is smaller, and more easily absorbed to function immediately as an antioxidant without requiring additional processing by the body.* In independent comparisons, Premier's Astaxanthin has shown to have 1.9x greater absorption than a leading competitor.*

Premier's Astaxanthin is also highly purified, refined to a crystal level rather than simply extracted. This advanced purification removes common impurities found in standard Astaxanthin extracts, including heavy metals, pesticides, fertilizers, and even antibiotic residues.

The result is a cleaner and more efficiently absorbed form of Astaxanthin.

Advanced Astaxanthin, Delivered Where It Matters

1. Rapid Absorption*

Premier's pure Astaxanthin is ester-free, allowing fast absorption for immediate antioxidant activity in cells.*

2. Efficient Delivery*

Organic MCT delivers Astaxanthin efficiently to cell membranes, enhancing bioavailability where it's needed most.*

3. Cellular Defense*

Neutralizes free radicals across membranes in the brain, eyes, skin, and cardiovascular system, supporting cellular integrity.*

4. Synergistic Support

A synergistic botanical matrix reinforces antioxidant pathways, mitochondrial function, and broad cellular protection.*

Complementary Products

Astaxanthin pairs with complementary products for comprehensive clinical protocols, providing a complete approach to skin, hair, nail, brain, and eye health.* Premier Hair, Skin, and Nails supports skin moisture, elasticity, and compactness, while promoting hair strength and nail health, Premier DHA delivers DHA for optimal brain, nervous system, eye, and heart function, and OcuVen™ supports macular and total retinal health with lutein, zeaxanthin, and a broad-spectrum botanical blend.*

Premier Hair, Skin, and Nails

Patented solubilized keratin supports skin hydration, elasticity, hair strength, and nail health.*

Premier DHA

Vegan DHA promotes brain, nervous system, eye, and heart health for cognitive and cardiovascular support.*

OcuVen™

Lutein, zeaxanthin, and botanicals support macular, retinal, and overall eye health.*

Key Takeaways

This advanced astaxanthin formula delivers highly bioavailable, practitioner-grade antioxidant support designed to promote healthy aging, cognitive vitality, and whole-body cellular resilience.* With superior absorption, targeted brain and systemic support, and an exceptionally clean, purified profile, it offers a reliable solution for addressing oxidative stress and long-term health at the clinical level.*
