

MARINE COLLAGEN

BUILDING BLOCKS FOR VITALITY AND RADIANCE

Premier Marine Collagen is a Wellness Essential for supporting the suppleness of joints, ligaments, and skin while providing the building blocks to build and maintain muscle mass.

Sustainably Sourced, Meticulously Tested

Premier Marine Collagen is sustainably sourced from wild-caught, deep-sea ocean fish from the cold, clean ocean waters off the Canadian coast.

Thoroughly tested for contaminants including the presence of heavy metals, industrial solvents, and microbial pathogens, Premier Research Labs hydrolyzed Marine Collagen meets high quality standards of The United States Pharmacopoeia (USP), European Pharmacopoeia (EP) and Japanese Pharmacopoeia (JP). Premier Marine Collagen offers a pure, unadulterated, heavy-metal tested, antibiotic- and hormone-free alternative to bovine, porcine, and poultry-based collagen products.

Five Reasons PREMIER MARINE COLLAGEN™ is the Essential Choice for Maintaining an Active Lifestyle and Supporting Beauty from Within:

1. **Type 1 Collagen** – the most abundant type of collagen in the body; age-related losses are inevitable but replenishable with Premier Marine Collagen™ *.
2. **Collagen peptides close the gap** – hydrolyzed marine collagen peptides contain 19 of 20 amino acids, providing amino acid ratio to support muscle maintenance, supple skin, and gut membrane integrity*.
3. **Evidence-based applications** – evidence-based reviews and clinical evidence on marine support its safety and potential efficacy to maintain supple skin, joint mobility, bone health, lean muscle mass, as well as gut integrity*.
4. **Marine not mammal** – for those wanting a cleaner, more sustainable alternative option to porcine, or bovine collagen peptides.
5. **Marine doesn't mean metals** – we are committed to ensuring product purity through quality sourcing, as well as meticulous testing for heavy metals and contaminants for Premier Marine Collagen.
