### ALL NATURAL VEGETARIAN ENZYMES

Premier Digest is a complete, high potency formula that delivers a broad spectrum profile of the most potent and pure source of vegetarian enzymes to support the digestion of proteins, carbohydrates, fats, fiber and dairy. Premier Digest is the realization of a breakthrough fermentation process yielding all natural vegetarian enzymes. This proprietary process yields highly purified enzymes, free of any residual solvents, antibiotics or molds - verified by independent testing according to usp guidelines and standards.

**ALL-IN-ONE DIGESTIVE SUPPORT FORMULA**

Premier Digest features Lipase enzymes to promote the breakdown of fats. Amylase enzymes promote polysaccharide breakdown of starch and glycogen. Invertase and lactase enzymes support digestion of carbohydrate disaccharides, including dairy. Cellulase enzymes help break down plant cell wall components, promoting nutrient bioavailability of foods that contain fiber. This formula offers two types of protease enzymes that facilitate the normal breakdown of proteins into dipeptides and tripeptides, as well as **promoting optimal protease activity across a wide pH range.**

**ANCHORED WITH A BOTANICAL BLEND**

For optimal nutritional effect, Premier Digest’s enzymes are anchored with the botanical blend, Plant-Gest™ Support, which contains noni, apple cider vinegar and pepsin (vegetarian source). Pepsin is a digestive enzyme that catalyzes the breakdown of protein to peptides and should be taken after every meal, especially if you’re taking a Hydrochloric Acid Supplement. While most pepsin may be animal-based, **our pepsin is vegetarian source.**

**“DON’T EAT COOKED FOOD WITHOUT IT!”**

Premier Digest is the realization of a breakthrough proprietary fermentation process yielding an all natural vegetarian enzymes. Thus, this plant enzyme formula is suitable

for everyone, including vegetarians and vegans. Take Premier Digest at every meal that contains cooked food.
