

- ✓ Contains betaine hydrochloride
- ✓ Helps assist the digestive process
- ✓ Supports gastric acid secretion
- ✓ Promotes the digestion of nutrients
- ✓ HCL promotes the natural acidic environment of the stomach

As we age, we typically produce less hydrochloric acid (HCL) which reduces our ability to efficiently absorb nutrients from food. Betaine hydrochloride **helps promote the absorption of nutrients**. When reduced HCL production is present, it affects the amount of protein and calcium we can absorb and can interfere with bone metabolism. Incomplete protein metabolism can imbalance intestinal flora.

DO YOU NEED MORE DIGESTIVE SUPPORT?

Healthy digestive function depends on healthy stomach acid levels. If you have stomach acid levels that are too low, even the best food may not be properly digested. The body's ability to produce adequate stomach acid, called hydrochloric acid, can slowly decline with age. Lowered levels of hydrochloric acid, or HCL for short, may stress the body's health.

SUPPORT GASTRIC ACID SECRETION

Premier HCL contains the powerful ingredient, betaine hydrochloride, which helps assist the digestive process by supporting gastric acid secretion that is critically needed to break down protein in order for important minerals and vitamins to be absorbed.

AN EFFECTIVE DIGESTIVE SUPPORT COMBINATION

Premier HCL Activator is a superb formula to support whole body's health for the 21st century. Premier HCL Activator is designed for use with betaine HCL (hydrochloride) to nutritionally enhance its capacity and support its role in whole body health.

The HCL Support Program (using both Premier HCL and Premier HCL Activator together) is an effective digestive support combination. Now you can benefit from this amazing health program and enjoy the added benefits of quality nutrients, without added magnesium stearate (an undesirable excipient).

INGREDIENTS

Each Plant-Source Capsule Provides:

[Betaine Hydrochloride](#) 500 mg

Other Ingredients: Plant-Source Capsule (cellulose, water)

Suggested Use. Take 1 capsule after each meal, 3 times daily, especially cooked meals or as directed by a health professional.

Code: 2177 (90 plant-source caps/bottle); Violite® Container R1.8
